EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Please cancel the present Abstract, and substitute therefore the enclosed Abstract, presented on a separate sheet.

--In a method for transmitting user identification data to a wireless communication device (1), user data is stored in a user data identification module (2). Upon initiating operation of the wireless communication device, the user data is examined to obtain access rights of the user of the wireless communication device. The user data is transmitted at least partly in wireless manner from the user data identification module to the wireless communication device. The invention relates also to a user identification module having circuit (9) for storing user data and a circuit (4) for transmission of user data to a wireless communication device, and relates also to be wireless communication device (1). The wireless communication device includes transceiver (5) for receiving user data and circuit (11) for examining the user data to obtain the access rights of the user of the wireless communication device. - -
